## Developing the Future of Habitat

### Hillview Street and Knott Street

Thanks to the work of our volunteers and the support of our donors, we are nearing the completion of the second home on Hillview Street, where our current efforts are focused. We have four more families ready to build their safe and affordable Habitat homes here. As a quiet dead-end street in a wooded area, it is perfect for all types of families; whether they be a young couple with little kids like Quashon and Courtney, or an adult daughter caring for her aging mother like Beatrice.

Knott Street will be the future for the next ten Habitat families in Lynchburg. Development of the street is nearly complete thanks to Hurt and Proffitt, Inc. Now we are turning to our donors and partner organizations to find sponsorships for these homes. Knott Street rests in the quiet neighborhood between Radcliff Avenue and McKinney Avenue off Fort Avenue. Like Hillview Street, it is a quiet, dead-end street. It is in a great school district, and close to grocery stores and parks. The perfect spot for families to build a future full of hope and opportunity!

If you or your company are interested in supporting a Knott Street Habitat Home, please reach out to our Resource Development Manager, Josh Gaston, at (434) 528-3774

# Thank You Summer Volunteers!

"It was an eye-opening experience. I loved how we were able to directly see our impact on someone's life." - Leah, LU Habitat Club

We can only serve local families with the help of local individual and group volunteers! You may have heard about our need for regular crew volunteers over the last few months, and while this is still a very present need, we are so grateful for the support from groups of volunteers we have seen this summer!

Volunteers from schools, teams, churches, companies, and organizations have devoted their time to partnering with our families to help them build Habitat homes over the last few months. This included groups from Auto-Owners Insurance, BWX Technologies, Inc., Framatome Inc., Genworth, the Liberty Christian Academy Football Team, Liberty University, Thomas Road Baptist Church, The University of Lynchburg PA Medicine Program, Vector Space, and Wiley|Wilson.

Thank you to everyone who came out during the extreme heat and humidity of this summer to help build safe and affordable homes!

To sign up to volunteer or to get more information about service opportunities, contact our Volunteer Coordinator, Serrine Sorrell, at (434) 528-3774 or [volunteer@GLHFH.org](mailto:volunteer@GLHFH.org)

## October Specials

Every Tuesday  
BOGO Book Sale!

Every Thursday  
15% Off China, Dishes, and  
Glassware

Every Saturday  
15% Off Wall Decor

If it has been a while or you have never stopped by the Lynchburg Habitat Restore – take a look at October's sales and stop by!

It is a unique shopping experience every time you come to the ReStore! We sell new and gently used furniture, appliances, home accessories, building materials, tools, and so much more. It is like a home improvement, home goods, and resale store combined! As the inventory is donation-driven, it changes daily. And most importantly, every purchase made at the ReStore helps local families build strength, stability, and independence through the Habitat Homeownership Program.

## Gratitude for Local Foundations

Thank you, Greater Lynchburg Community Foundation and Plymale Foundation for awarding grants to our Homeownership Program to help cover the costs to build Habitat homes. COVID and inflation have caused home construction expenses to spike, and we are very grateful for partner organizations and foundations that are helping local families build stability through shelter.
